Himalayan Edible Salt

HIMALAYAN SALT is 100% Pure, Unscented

, Untreated and a gift of Nature to human beings.

This Himalayan Salt is a marvelous dietary supplement that looks and tastes fantastic.

It is rich in trace minerals and it's mined from underground seams of salt deposits in the unpolluted foothills of the Himalayan Mountains. It has been highly regarded for health reasons for a very long time and is also now appreciated by discerning cooks.

Pink Himalayan salt is often said to be the most beneficial as well as the cleanest salt available on this planet today.

It has all kinds of nutritional and therapeutic properties & culinary uses.

You can use it as a healthier option to processed salt. You can also use it to create homemade body scrubs and bath soaks, and you may have seen or own a Himalayan salt

lamp made from pink Himalayan salt.

Himalayan Salt has many health benefits for human body such as;

Improves Respiratory Problems

Balances Body's pH

Natural Digestive Aid

Air Purifier

Better Sleep Inducer

Regulation of the water levels within the body for proper overall functioning

Helping reduce common signs of aging

Encouraging healthy blood sugar levels

Promoting cellular energy creation

Reducing cramping (like leg cramps)

Improving the absorption of nutrients from foods

Aiding vascular health

Lowering the incidence of sinus problems and promoting overall sinus health

Providing circulatory support

Improving bone strength

Fostering a healthy libido

Promoting kidney and gallbladder health in comparison to chemically treated table salt

Himalayan Animal Licking Salt

Offering Best Himalayan Mineral Salt for your Animals A 550 million old Himalayan Rock Salt for Animals, mined from ancient Himalayan Mountains of Pakistan, And These Salt Licks must be the purest form of salt available. The distinctive pink color comes from the salt's mineral content Such as Iron, potassium and magnesium, which are vital for maintaining health of Cows/sheep/goats horses, all have a very well-defined appetite for sodium chloride (SALT) only surpassed by the need for water. Because the majorities of plants do not provide sufficient sodium for the livestock/horses needs and may lack adequate chloride, salt supplementation is a vital part of any animal's nutritional requirement

Rock Salt For Commercial and Industrial Uses

Oil Refinery grade salt, Rock Salt for Meraux units for sweetening of Jet fuel Over the past decade the use of expandable concentric under reamers or "whole openers" in Deep water drilling has become widespread. An estimated 75% of the salt/sub-Salt sections in the Go now use under reamers. There are various reasons to Enlarge a hole, including enhancing equivalent circulating density, to reduce Cementing pressures, and to counter salt creep so casing will reach bottom.

Under reamers are especially important in deep water wells that require Numerous casing strings

Deicing salt / Road salt 2 – 10 mm High purity salt
When applied to snow or ice, salt lowers the melting point of the Mixture.
Thus, large amounts are used in Northern climates to rid streets of Accumulated snow and ice.

Salt for water softening Water softener salt
pure salt and a typical of 99.8% sodium chloride, virtually 100% water soluble, helps eliminate brine tank clean out necessitated by Insoluble material.

Salt for Brine Solutions
greatest single use for salt is as a feedstock for the Production of chemicals, the color-alkali industry uses salt primarily as salt in Brine from captive brine wells to produce chlorine and caustic soda
